BEL ET BIEN

DESIGN BY STUDIO UWE GAERTNER

The furniture collection from Studio Uwe Gaertner is a harmonious fusion of glamour and reduction. Each piece is a statement piece that enriches the living environment with striking understatement and unexpected design language.

The collection brings together seemingly contradictory qualities - a minimalistic design language that emphasizes the essentials and becomes intricate and detailed at crucial points.

Relaxed chic in premium materials, with a touch of Parisian elegance and the flair of the 1930s - this defines the furniture design of Studio Uwe Gaertner.

Each piece of furniture speaks for itself and reflects Uwe Gaertner's unique style and vision. They are statement pieces that enrich the living environment with striking understatement and unexpected design language.

Uwe Gaertner, interior designer and photographer, views the world with a trained eye for the essential. His experience behind the camera has sharpened his understanding that every image and every space conveys a multitude of messages that must be precisely articulated to unfold their impact.

These principles of targeted styling, precise composition, and optimal angles seamlessly integrate into his work as an interior designer.

He views spaces as lively backdrops where every detail and every angle tells a story.

SEATING

PÉTIT NOUNOURS

ARMCHAIR

Imagine an armchair that is like a home. This is PÉTIT NOUNOURS.

Our armchair combines these two seemingly incompatible properties. A straightforward design language that is reduced to the essentials, only to become more elaborate and detailed in the key areas. Relaxed chic in high-quality materials.

Conceived and designed in an abstract form, our lounge chair is complemented by its decorative brass elements to create an elegant though casual piece of furniture.

Its generously proportioned seat is framed by the high side rests, making it a pleasant private retreat even in a hotel lobby. A visual statement for lounge or lobby.

CÉCILE

UPHOLSTERED BENCH

An elegant piece of furniture that adds sophistication to any waiting area and also serves as a perfect complement to a seating arrangement.

CÉLESTINE

SOFA

With its elegant simplicity, the CÉLESTINE sofa stands out as a statement piece, even as a solitary furniture item. It is both impressive and understated.

TATA

STOOL

Despite its small size, the TATA stool makes a strong presence in any space, adding a touch of grandeur to even the most modest and small living areas. The design thrives on the visual interplay between the delicate brass rods and the voluminous seat cushion. It is the perfect piece to enhance a hallway, dressing room, or vanity with chic elegance and charm.

LOBBY

POUF

Essentially a hybrid of an armchair and a pouf, LOBBY combines the advantages of both types of furniture. The backrest elegantly mirrors the shape of the base, allowing for more comfortable seating than a typical pouf. A distinctive detail is the wooden button on the seat.

NOUNOURS

SOFA

The big brother of the PÉTIT NOUNOURS, following the same design logic as its smaller counterpart.

LOOÏS

BENCH

Our bench captivates with its purist design and powerful presence. The deep, dark wood tones exude timeless elegance and bring a calm, stylish atmosphere to any space. With its clear, striking lines and sturdy construction, the bench appears solid yet harmonious. It is perfect for living rooms, entryways, or lobbies, where it serves as a subtle yet impactful statement piece. LOOÏS adds a refined touch of nobility and style, without appearing overly dominant.

COCO

ARMCHAIR

Stylistically, this armchair serves as a small homage to the design of its famous namesake. The light contrasting edges and its dress-like draping form give this armchair its unique look.

BADOU

ARMCHAIR

Perhaps it could be interpreted as a chair with legs that are too short or a stool with a backrest. For us, it is simply a comfortable armchair with a wonderfully clear design language.

PONEY

CHAIR

Our upholstered chair features unseen proportions. The unusually generously sized seat cushion rests on slender legs, giving our chair its unique comfort. Legs and cushion stand in a pleasant visual contrast to each other, creating the distinctive look of this chair.

TABLES

DANSEUSE

SIDE TABLE

Resilient, powerful, and with a sense of dancing,
the DANSEUSE side table skillfully positions itself in the room.

The folded tabletop lends this table its special and effortless elegance.

C`EST LE PIED

TABLE

Reduced, yet elegantly detailed.
This is how our dining table stands out in the room.

The tabletop appears delicately balanced on the hemispheres
of the legs, imparting unexpected lightness to the design.

ARTHUR

SIDE TABLE

As if constantly reaching upwards, the ARTHUR side table stands on its many imaginary tiptoes.

It sees itself as a graceful companion to any lounge chair or sofa.

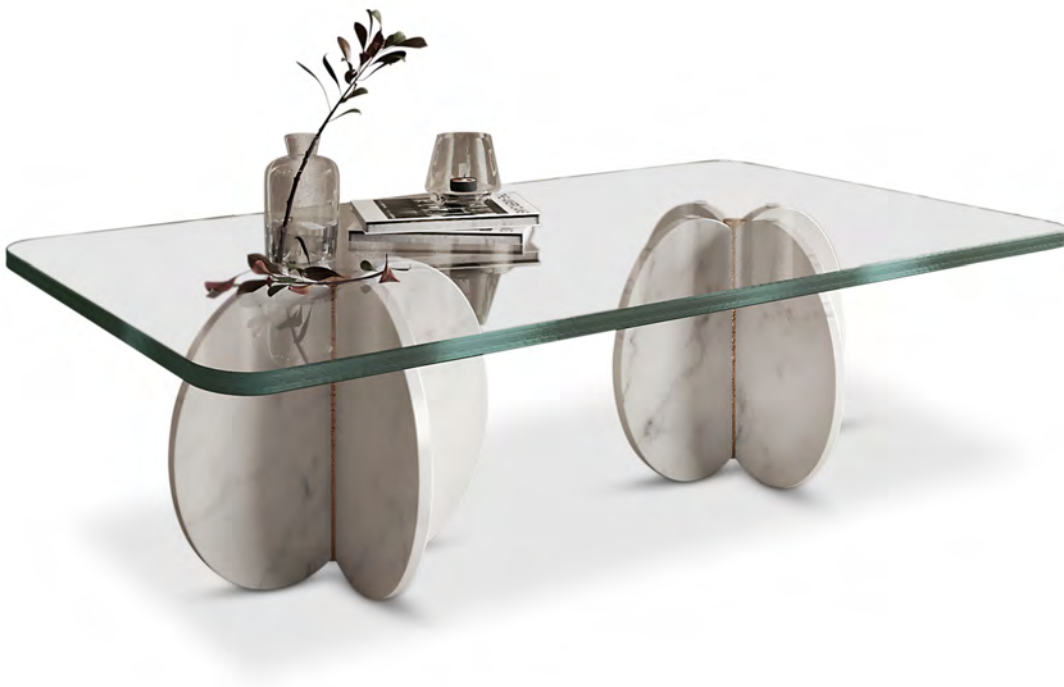

STUDIO

COFFEE TABLE / SIDE TABLE

Both tables boast unusual proportions that harmonize into a cohesive form within the overall design.

With a certain individuality, both models exude a refined playfulness

CÉLESTE

COFFEE TABLE

Relaxed luxury in glass and marble for the lounge area.
The subtly suggested spheres give the coffee table a floating lightness
in combination with the glass top.

ÇA-Y-EST

COFFEE TABLE

With decisive clarity and dignity,
ÇA-Y-EST stands confidently in the room.

CIRQUE

SIDE TABLE

The geometric rigidity of the hexagon is gently countered by the wave-like movement of the marble base, giving the CIRQUE table its classically sculptural and relaxed modern appearance.

04

STORAGE

TONTON

SHELF

A special place for favorite books and cherished items,
theoretically extendable endlessly. Minimalistic and elegant.

RAISON

BAR CABINET

The design of RAISON is based on a clear language. Four segments with a removable tray, bar compartment, accessory drawer, and glass shelf make it a sophisticated yet functional piece of furniture.

05

LIGHTING

MENUET

PENDANT

Graceful and subtly accentuating, the MENUET lamp enhances the room with its curved organic form.

Inspired by a swaying hoop skirt, it boasts an expansive shape without being demanding of space.

A light fixture that brings tranquility and elegance to the interior.

PÉTIT DÉJEUNER

TABLE LAMP

A soft, even light emanates from this table lamp, bringing a pleasant atmosphere to the room. The design draws on classic architectural elements and playfully flirts with them.

D`AILLEURS 1-5

PENDANT LIGHTS

This family of lights is united by its clear and minimalist lines based on the circle shape. Objects that almost seem to float weightlessly in the room. Accentuating in clear glass or providing even room lighting in opaque.

TOI ET MOI

TABLE LAMP / FLOOR LAMP

As a table lamp and floor lamp, these two lamps are capable of visually stabilizing a room area carefully and provide the room with pleasantly diffused light.

MUGUET

TABLE LAMP

This table lamp thrives on the contrast play of movement and stillness. The floral-like form finds its counterpoint in its geometric circular base, which provides it with a stable foundation. A beautiful soft light that pleasantly complements the room's lighting situation.

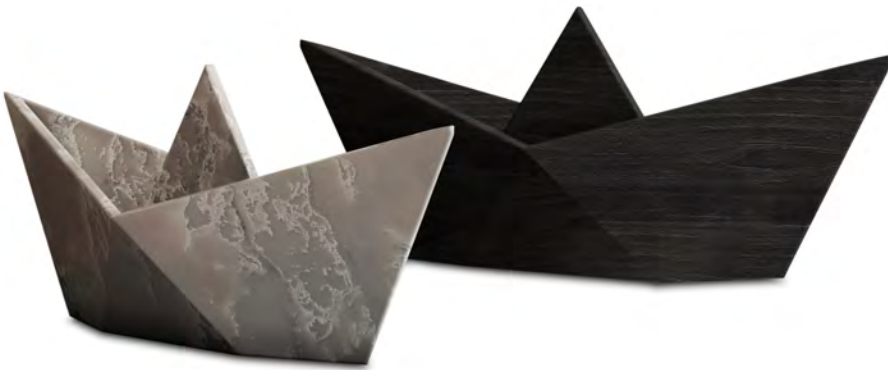

SAMEDI SOIR

FLOOR LAMP

The strict grounding base of the SAMEDI SOIR lamp finds its counterpart in the lampshade, which playfully breaks up this form. A lamp that gives the room a serene atmosphere with its diffused light.

06

OBJECTS

VOYAGEUR MABRE ET BOIS

OBJECTS

We love it minimalistic and chic. The transition from paper to stone and wood transforms the simple form into an elegant decorative object with a touch of whimsy.

VOYAGEUR PÉTIT ET GRAND

OBJECTS

The golden siblings of VOYAGEUR MABRE ET BOIS.
